Lagos- State.

The Human Resource Manager,
Human Capital Management,
ipNX Nigeria.

Dear Sir/Ma

APPLICATION FOR NYSC INTERNSHIP PROGRAME

I am interested in the NYSC position at IpNX Nigeria, as advertise on your website. I am a graduate student of Federal University of Agriculture, Abeokuta (FUNAAB) where I just graduated with a degree in computer science Bsc. I wish to proceed on an NYSC Internship Programme of which I found your company suitable as one of Africa's leading Internet Service Provider (ISP) Company focused on providing every person, every home and every business in Nigeria with world-class internet, information, communication and entertainment services. As a computer science student, I have taken an interest in the following field, they are: IT support, Networking, Web designing and Cloud Computing. I have also taken an interest in writing both the Cloud Computing (Amazon Web Services) and Networking (CCNA) certification at the end of my NYSC Internship Programme. I intend to gain experience in your company from **September 2018 to August 2019** as I am eager to gain hands-on experience in the field before I begin co-op next year.

In addition to my Skills Set, I have also developed strong end user support services skills through my work at Seven Energy Oil and Gas Exploration Limited as an IT Intern and at IpNx Nigeria Ltd as a Pre-Service Intern with the Operation and Maintenance Department. I am responsible, motivated and a quick Learner. These Personal characteristics will serve me well as I develop professional experience.

I have enclosed my resume for review. Thank you for your time and consideration and I hope to hear from you soon.

Yours faithfully,

Olasode Abraham
